Education / Training

2026 - University Bachelor of Technology (BUT)

Networks and Telecommunications, Cybersecurity Track

During my time at this university, I achieved the top rank in my class during the first year.

I worked on several supervised projects, including developing an RSS feed aggregator with a web administration interface, creating a portfolio website, and designing an escape game that integrated wireless controller inputs into a web platform.

2023 - General French Baccalaureate - English European

Specializations: Computer Science, Advanced Mathematics

I graduated with honors and obtained the Cambridge English Certification

Experience

Summer 2024 - General Staff at the Olympic Games

I welcomed and received international athletes, developing advanced skills in English, social interaction, and organization.

2024 - 2026 - Student Union Secretary of the BUT

I organized the largest student event in France with l'Assom (8,000 students), negotiated partnerships with the Delta Festival and Walking Bass, and created Instagram stories and posts to promote partners or activities

Volunteering Experience

2021 - Warehouse Worker for the Food Bank (for the homeless)

2020 - Fundraising for Leprosy Awareness

2019 - Observational Internship at ladys

I observed the work of a director, mechatronics engineer, engineer, salesperson, and secretary.

Interests
